

Exam Schedule Spring 2024 Tuesday, April 30th - Monday, May 6th

Final examinations are held at the end of each term in accordance with the published final exam scheduling matrix. The matrix provides a list of predetermined exam times based on the course meeting times during the semester. **The class meeting time and day determines the date and time for each exam.**

Standard Course Meetings

Standard Course Meetings refer to those classes that meet during the semester at standard meeting times as outlined in the Class Scheduling Matrix. These meetings times were designed to limit the number of meeting conflicts. These **standard meeting times** are highlighted throughout the table below.

Non-Standard Course Meetings

Non-standard Course Meetings are those classes that *do NOT* meet during the semester at standard meeting times as outlined in the Class Scheduling Matrix. These non-standard course meetings are allowed as an exception and not as a common practice.

Final exams for non-standard course meetings should be scheduled according to the Final Exam Matrix based, as closely as possible, on the first day that the class meets during the week and the start time that most closely matches the scheduled course.

Instructors: Exam room assignments *for non-standard course meetings*, should be scheduled as events within Astra. This will prevent any room conflicts. Contact your department room coordinator regarding these types of schedules.

Exam Conflicts

Scheduling conflicts may occur particularly with courses not following the standard course meetings matrix. In these instances, the instructor may allow the student to take the exam with another section. In the event of a final examination conflict that is not readily resolved, the following guidelines are suggested.

Any course that is offered outside the standard scheduling matrix (nonstandard meeting patterns) should plan to allow examination for courses offered during standard meeting times.

If a conflict arises between two courses that offer finals outside the normal scheduling format, the time conflict will be resolved by the instructor rescheduling the examination for the course with the lower number.

Time Conflict (example)	Two examinations scheduled for the same period, neither course being examined at other hours, or no available hour on the student's schedule to take the exam with another section.
Possible Resolution	This conflict may be resolved by the instructor rescheduling the examination, for the course with the lower number, to another period mutually agreed on by the instructor and the student.

Final Examination period are as follows:

While exam blocks are 2 hours long, the actual length of the exam is determined by the instructor.

8:00 a.m. to 10:00 a.m.

5:00 p.m. to 7:00 p.m.

10:15 a.m. to 12:15 p.m.

7:15 p.m. to 9:15 p.m.

12:30 p.m. to 2:30 p.m.

9:30 p.m. to 11:30 p.m.

2:45 p.m. to 4:45 p.m.
