

LifeDrawing I

Professor: Alan Xie

1. Composition, Proportion, Contour and Structure

3. Keep the contrast between light part and shadow.
Adjust the proportion and contour of detail.
keep the drawing simple and as accurate as possible.

2. Adjust Contour, Perspective and proportion. Divide the object into two parts--Light and Shadow. Keep the shading simple. Keep the contrast.

4. Still keep the integral contrast. Adjust detail and integral proportion.
