## Chapter 1. GENERAL INFORMATION

### DEFINITION OF STUDENT ORGANIZATION

A student organization is a collective group of students who share common interests and organize to educate and promote these interests or activities as registered student groups on campus. Clayton State University student clubs and organizations are organized student activities that function as part of the University under the administration of the Vice President for Student Affairs and coordinated by the Department of Campus Life. Student organizations may not operate independently of the University and membership is exclusive to matriculating students at Clayton State University.

### CATEGORIES OF STUDENT ORGANIZATIONS

Student organizations are categorized by the following organization types:

**Academic/Honors** – An organization whose stated objective is to provide an opportunity for individuals to discuss and share information related to a specific academic discipline, topic or interest. This includes Honor organizations whose membership is based on academic achievement and whose purpose is to recognize academic success. Honor Societies are often affiliated with a regional, national or international umbrella organization.

**Campus-Wide**- University sponsored organizations that program activities for the entire student body. These organizations report to the Director of Campus Life and are located in the Student Activities Center. Clayton State University's campus-wide organizations include the Campus Events Council (CEC); the Student Government Association (SGA); Clayton State Internet Radio (CSIR); The Bent Tree Newspaper; and the Fraternity and Sorority Council (FSC).

**Cultural/Ethnic** – Membership in these organizations is based on a similar interest in ethnic, cultural, and diversity issues, and common ground. They promote cultural unity, empathy, and understanding not only amongst a culturally diverse group of students, but throughout the campus community. They encourage cultural oneness through education, activities, and discussion on prevalent issues.

**Fraternity/Sorority** – A social, fraternal organization composed of all male or female students, otherwise known as a single sex organization. These organizations strive to develop the greatest potential in each of their members according to their individual talents, skills and personality, in order to prepare them for life after graduation. Fraternities and sororities are affiliated with National organizations and have additional requirements for recognition on campus. Due to the exclusiveness of these organizations, Social Greek-Letter Organizations are not eligible for student fee funding unless exception is made based on the purpose of the funded activity.

**Recreation/Club Sports** – Organizations whose purpose is to encourage participation and engagement in a sport or recreational activity. They present members and participants the opportunity to learn new skills, improve existing skills, engage in competition and enjoy recreational and social interaction with peers.

**Religious/Spiritual** – Organizations whose purpose of their activity is worship, devotion, prayer or study of religious literature.

**Service/Volunteer** – Organizations who are committed to volunteer and service both on campus and in the community. Members share a common goal of ideals of service leadership and civic responsibility.

**Special Interest** – An organization whose purpose is to provide a place for members to discuss issues relevant to them, to express their interest in a given subject, to serve as a support group for students on campus or as representatives of a group off campus, or to act towards the advancement of social interests that affect both the university and the community at large.

As a recognized student organization, members are expected to abide by all University mandated policies, procedures, rights and responsibilities. All policies, procedures, rights and responsibilities are issued in order to provide and ensure a safe Clayton State community. Student organizations have collective responsibility for violations of individual student members in conjunction with their activity, event, or program.

### EXCERPTS FROM THE STUDENT CODE OF CONDUCT

Clayton State University has established standards of conduct which are compatible with the academic mission of the institution. An educational approach to discipline is employed whenever possible.

Law, statutes and regulations at the national, state and local levels grant public institutions the authority to establish standards reasonably relevant to the lawful missions, processes, and functions of the institution. Such standards are not intended to prohibit the exercise of a right guaranteed by the Constitution or a law of the United States to a member of the academic community.

Standards may apply to student behavior on and off the campus when relevant to any lawful mission, process, or function of the institution. The institution may prohibit any action or omission, which impairs, interferes with, or obstructs the missions, processes and functions of the institution.

Institutional standards may require scholastic attainments higher than the average of the population and may require superior ethical and moral behavior. In establishing standards of behavior, institutions are not limited to the standards or the forms of criminal laws [“General Order on Judicial Standards of Procedure and Substance in Review of Student Discipline in Tax-Supported Institutions of Higher Education,” 45 F.R.D. 133/145 (W.D. Mo. 1968)].

*The acceptance of these rights and responsibilities is a prerequisite for enrollment at Clayton State University. It is the responsibility of each student to know and understand established rules of conduct. Lack of awareness is not recognized as a legitimate reason for failure to comply.*

Violators may be accountable to both civil and criminal authorities and to the University for acts of misconduct, which constitute violations of this Code. Disciplinary action at the University may proceed during the pendency of other proceedings at the discretion of University officials. Sanctions may be imposed for acts of misconduct, which occur on University property or at any University sponsored activity. **As further prescribed in these rules, off-campus conduct may also be subject to discipline.**

## HAZING

No Clayton State organization (includes departments, athletics, etc.) or student shall condone, encourage, or require unlawful acts by its members at any time. All organizations shall be responsible for observing all University policies.

The University defines **hazing** as any situation, circumstance, or environment created by an organization or student that is purposefully instigated to illicit mental or physical discomfort, embarrassment, harassment or ridicule to aspiring members on or off university premises.

All rites and ceremonies of introduction, initiation, or orientation into college life which tend to occasion or allow unreasonable physical or mental suffering are prohibited. Any orientation which in part takes place in public, which in any way involves persons outside the organization or is not confined to a single building must be approved by the Department of Campus Life prior to the ceremony.

Hazing may include (but is not limited to): paddling, caning, whipping, forced calisthenics, tattooing / branding, forced consumption (of any food, alcohol or related substance), coercion to perform dangerous acts, or the issuance of an assignments that could adversely affect the physical health or safety of the individual.

Hazing may also include any activity that would subject students to mental stress, such as: sleep deprivation, forced exclusion from social contact, conduct that result in extreme embarrassment, public servitude, giving money to older members of the organization, destroying public or private property, and performing unauthorized scavenger / treasure hunts.

Clayton State University strictly adheres to state legislation outlawing hazing. Students involved in **any** aspect of hazing are subject to both institutional disciplinary action and prosecution by local and state authorities.

### **The appropriate legislation is reprinted below:**

#### **O.C.G.A 16-5-61 (2010) Hazing**

- As used in this Code section, the term:
- “Haze” means to subject a student to an activity which endangers or is likely to endanger the physical health of the student, regardless of a student's willingness to participate in such activity.
- “School” means school, college, or university in this state.
- “School organization” means any club, society, fraternity, sorority, or group living together which has students as its principal members.
- “Student” means any person enrolled in a school in this state.

For additional information or to file a complaint, contact the Director of the Department of Campus Life.

## **ANTI-DISCRIMINATION POLICY**

Membership and all privileges, including voting and officer positions, must be extended to all students without regard to age, ethnicity, gender, disability, color, national origin, race, religion, sexual orientation, or veteran status. However, Religious student organizations will not be denied registration solely because they limit membership or leadership positions to students who share the same religious beliefs. Organizations wishing to limit membership/leadership positions must include a statement of faith/belief in their constitution. Title IX of the Educational Amendments of 1972, Section 106.14, makes an exception for social fraternities and sororities, in regard to gender, for membership criteria.

## **PETITIONS/DEMONSTRATIONS**

In considering the University's responsibility for information and knowledge of such activities, petitions which may be circulated among the whole or part of the student body and demonstrations that may include the whole or part of the student body must be registered with Campus Life. Registration of such events should not be construed so as to deny any organization the right to petition or demonstrate, but merely to ensure appropriate time, place and manner of such activities. Registering a petition or demonstration with Campus Life ensures correct information will be communicating to campus faculty and staff and neighboring constituents. For additional information, contact Campus Life.

## **RELATIONSHIP STATEMENT**

Clayton State University will provide advisory guidance, direction, and support for all student organizations.

Clayton State University asks that all student organizations uphold the mission, purpose and policies outlined by the organization constitution, Department of Campus Life, Clayton State University, and when applicable, the organization national constitution. This includes general mandates and expectations regarding behavior and academic achievement.

If the Department of Campus Life on behalf of Clayton State University determines that a student organization is not acting in the best interest of the community (example: violating a University policy, inappropriate behavior, etc.) or are defiant and/or non-compliant with University administration, the status of the student organization as a recognized organization may be terminated.

## **Chapter 3. CAMPUS ADVISORS**

All student organizations are required to maintain a full-time faculty or staff member as their on-campus Advisor. This requirement serves to promote student/faculty interactions outside of the classroom, foster stronger connections with colleagues and increase a sense of school spirit and commitment to the institution.

### **SELECTING AN ADVISOR**

It is important for student organizations to select advisors that are willing to help the organization meet its goals and provide guidance along the way. The Advisor should possess a working knowledge of the group, ability to relate to college-age individuals and have the time commitment. Student organizations must determine the role they might want their advisors to assume and communicate expectations with their advisor. Similarly, the advisor may have their own expectations for the group or for the role they are willing to play. Thus, both parties need to ensure they understand each other's roles and responsibilities and are a good match for each another. Organizations may select new advisors at any time. If such changes are made, the Department of Campus Life will need to be notified.

#### **Questions that student organizations should consider before selecting an advisor and that advisors should consider before making a commitment to the organization:**

- How much involvement is expected or needed?
- How often does the group meet and do you expect your advisor to be present for these meetings?
- How many major activities does your organization execute each year?
- How experienced are the officers of the organization?
- What are some ways that your organization could use the advice of an advisor? Is there someone at the University who has particular interest or experience in this area?
- What skills would your proposed advisor bring to the organization? How do these skills match those of your organization?
- Are there areas in which you need specific assistance from your advisor and/or are there areas that are hands-off for your advisor?
- If you want your advisor to let you know when they believe you are making a mistake as an organization, how do you want them to express this concern?

#### **To maintain a stable and good working relationship, student organizations and advisors should consider engaging in some of the following practices:**

- Give notices of meetings-Student organizations should always give notice of meetings to advisors and try to include and invite their participation on a mutually agreed upon level of involvement.
- Provide copies of minutes-Advisors and student organizations should keep a copy of all documents and correspondences that are distributed on behalf of the group.

- Be responsible-Each party should follow through on commitments.
- Develop relationship-Get to know each other as people and spend some quality time together.
- Communicate-Maintain constant communication to insure good, open, and supportive relationship.
- Consult before making major decision-Each party should be notified before making major decisions (e.g. purchases, removing an executive board member, etc.).
- Discuss conflicts-Advisors should be informed of problems. Their experience and knowledge could be invaluable in helping you to solve the issues productively and quickly.

## **ROLES & RESPONSIBILITIES OF AN ADVISOR**

Student Organization Advisors are one of the most important components of a group. Advisors help student organizations achieve and maintain efficiency. In addition to serving as a resource, Advisors help facilitate discussions and offer feedback and establish stability and continuity in organizational operations and activities. Advisors are not permitted to issue orders, threats or mandates without the expressed consent of Campus Life. Furthermore, Advisors should not spend student organization funds without the consent of the group. **\*Advisors must complete the Advisor Training ANNUALLY.**

### **Student Organization Advisors are expected to agree to the following as part of the Registration Process:**

1. Have a firm understanding of the rules, regulations, and procedures of the University and Campus Life including the responsibility to ensure that student organizations are in compliance with Title IX. Clayton State University's Title IX coordinator is Tom Gausvik, Director of Human Resources.
2. Have a firm understanding of the rules, regulations, and procedures of the student organization.
3. Act as a liaison for the group.
4. Provide advice and guidance. Serve as a resource and mentor for the students.
5. Help the students develop and learn how to function as a team!
6. When possible, attend meetings and activities, events, and programs.
7. Maintain consistent contact with the officers. Encourage members to share in the leadership responsibilities.
8. Help with transition in leadership.

### **Important note:**

Campus Advisors are 'required' to attend late-night and weekend campus activities, events and programs; excludes meetings. Advisors failure to attend a late-night or weekend activity, event or program may result in cancellation.

Late-night activities, events and programs shall be defined as any activity, event or program that starts or ends after 11:00 pm. Weekend activities, events or programs shall be defined as any activity, event or program that takes place on Saturday or Sunday.

## Chapter 6. PROCESSING AND REQUESTING UNIVERSITY FUNDS

To be a candidate for funding from student activity fee funds, an organization must meet the following eligibility requirements:

The group must be officially registered and recognized by Campus Life. In addition, registered student organizations must be in good standing to apply for and receive funding. Good standing is defined as, but not limited to, being in good financial standing with the university and any other pertinent governing bodies, not on disciplinary warning, probation, or suspension, and in compliance with all university policies.

The budget request process is available to organizations each semester. If an organization is awarded funding, the allocated funds will be available each term from the first week of class – the last week of class. Allocated funds are not awarded for summer semester and are not allowed to be used during summer semester unless specific permission is granted to the organization by SFAB or the SABO. An email will be sent to all student organization Presidents with detailed directions and timelines for submitting budget requests.

Recommendations for funding will be made by the Student Fees Advisory Board (SFAB) to the Vice-President for Student Affairs. Final allocated amounts will be provided in an award letter.

The President and/or Treasurer of each organization are required to attend a mandatory budget workshop at the start of each semester.

Each funded student organization should elect or appoint two individuals responsible for submitting deposits, invoices, receipts, and Request for Payment forms and at least one of these individuals (preferably the Treasurer) is responsible for keeping accurate records of their organization's budget and expenditures. The Division of Student Affairs' budget office will assist with this process, but it is the responsibility of the student organization to keep its own accurate financial records. An organization's advisor can also assist in monitoring expenditures made by the organization.

Funds must be used in the manner for which they were allocated. Failure to do so may result in suspension of the remainder of the year's allocation and/or may affect future allocations. In addition, all student activities monies must be spent in accord with normal University budget and procurement procedures.

Forms to be used for reimbursements, media requests, contracts for speakers, and travel requests are available on the Campus Life web site at:

<http://www.clayton.edu/campus-life/organizations/resoucesforms>.

Each form contains the timelines and details required for submission. Student organization members and especially the two individuals responsible for submitting all deposits, receipts, etc. should familiarize themselves with the requirements. If additional requests arise, please contact Felisha Whitehead at [felishawhitehead@clayton.edu](mailto:felishawhitehead@clayton.edu) or (678) 466 - 5433 or Student Activities Center Suite 223.

All activities, events, and programs sponsored by student activity fees require the submission of an evaluation form. The evaluation form must be submitted to Felisha Whitehead (Student Activities Center Suite 223) no later than 10 business days after the activity, event or program has been completed. Failure

to submit an Evaluation form may result in a hold being placed on remaining student activity fee allocated funds and may result in an inability to receive student activity fee funds during future allocations. The form can be found at <http://www.clayton.edu/campus-life/organizations/resoucesforms>.

## **TRAVEL**

### Travel Funds

Each organization has an annual maximum travel limit of \$1,000 from allocated funds. However, an organization's travel funds may be less if indicated as such on the organization's award letter each semester. Do not spend travel funds unless your organization has been expressly awarded them in the SFAB award letter. Organizations may also use agency and foundation funds to supplement travel, including items not allowed under allocated funds (meals, etc), as long as those funds are not earmarked for another expense or a pending transaction. Always confirm your travel fund availability with the SABO Administrative Coordinator prior to planning your travel.

### Day Trips/Volunteering

Some organizations make day trips frequently during the semester to volunteer at local Atlanta locations. In situations like this, the organization may submit one large travel packet of information, including one Request to Travel form and a list of all students who will be traveling during the semester along with their accompanying release forms. The advisor will have to sign off assuming responsibility of notifying the SABO if there will be any additional students traveling who are not listed on the original travel list. For each trip, each student will still be required to sign off on a one page waiver indicating that they have already submitted the required travel forms and agree to comply with all regulations within those forms. If students will be driving to these events themselves with student passengers, additional student driver forms and processes may be required for each trip. Always check with the SABO Administrative Coordinator first to see if your organization's travel plans fall under this provision.

### Student Travel Forms

- Request to Travel Form (must be submitted 30 days prior to travel or registration deadline, whichever comes first)
- Student Travel Agreement Form
- Personal Health History, Emergency Contact, & Insurance Information Form
- Driver & Passenger Information Form
- Driver Agreement Form
- DMV Record Check Consent Form
- Semester Day Trips/Volunteering Roster
- Semester Day Trips/Volunteering Signature Form
- Travel Reimbursement Forms (non-employee) or Employee Self-Service Expense Report (employee)

### Travel Financials

- Pre-Pay vs. Reimbursement- Travel expenses can be paid two ways: pre-paid or reimbursement. Meals and mileage (if applicable) will always be reimbursements and never pre-paid. Lodging will always be pre-paid unless special circumstances arise. Registration and vehicle rental can be either pre-paid or reimbursable. Out of state car rental must be a reimbursable expense, paid up front by the student organization. It is important to remember that pre-paid items require advance planning. Failure to allow adequate time for payment processing will result in the traveling students paying out of pocket and being reimbursed upon return from travel (for approved expenses). Please be aware that any travel reimbursement for a student employee will be processed through ESS- Employee Self Service.
- Lodging- Lodging charges for organization travel will be pre-paid on a university purchasing card by the SABO Administrative Coordinator and charged to the appropriate organization account. Students will need a credit card at check-in for incidental charges. No hotel stays within a 50 mile radius of Clayton State University may be paid for with SFAB allocated funds. Do not transfer reservations or add authorized guests to any reservation without prior approval from Student Affairs.
- Registration- Registration fees for conferences can be pre-paid by university check or paid by the students and reimbursed from organizational funds upon return from travel. If an organization would like registration fees pre-paid, be mindful that most registration fees are due long before the travel occurs, so pre-planning by the organization is important in order to make sure that registration fees are paid on time.
- Meals- Meals for travel are not allowed to be paid from Allocated funds. Meals may be reimbursed from Agency or Foundation funds if available. If meals are reimbursed, they will be subject to state per diem rates. Alcohol purchases will not be reimbursed. Taxes and Tips are a reimbursable expense from the Agency account if funds are available. It is recommended that all students traveling discuss the availability of funds for reimbursing meals with the President or Treasurer prior to traveling.
- Travel Reimbursement- Any reimbursement request for travel must be submitted within ten (10) business days of returning from the travel. Original receipts are required for any reimbursement and all standard reimbursement requirements apply to travel reimbursements as well. Non-employee students must complete a Non-Employee Travel Reimbursement Form and student employed at the university will be required to submit a travel expense report on the Employee Self-Service site. Contact the SABO Administrative Coordinator for more in depth instructions on travel reimbursement.

### **FINANCIAL RESPONSIBILITY**

The use of allocated student activities fees must relate to the purpose of the student organization. Student Organizations are expected to execute business transactions and contractual obligations with punctuality; student organizations should exhibit prudent use of University funds.

All monies collected by a student organization including fundraisers must be deposited in a University designated account. Under no circumstances may any collected monies be deposited in a bank or other agency by a registered student organization or representative, officer or advisor. For additional information, contact the Student Organizations Administrative Coordinator, (678) 466 – 5433.

### **FUNDRAISING GUIDELINES**

- Recognized student organizations may conduct fund-raising events. All fund-raising activities, events or programs must be registered by submitting an event registration request in *Community* and submitting a Fundraising Request Form to Ms. Felisha Whitehead for approval.
- Upon completion of a fund-raising event, student organizations must submit funds to Division of

Student Affairs. Each organization must provide documentation to Department of Campus Life that the funds have been deposited. Funds must be deposited on the day of the event during normal business hours. If the office is closed at the end of an event, all funds should be placed in the Student Activities Center drop-safe. Failure to turn in raised funds within 3 business days could result in a loss of fundraiser privileges, accounts being frozen, and/or confiscation of agency funds.

- Under no circumstances may Student Activity Fees be used in order to sponsor a fundraiser. If an organization uses a portion of their allocated funds to organize an event, the organization cannot profit from the funds raised.
- The primary purpose of fund-raising events shall be to raise money for the benefit of the student organization or the benefit of a charitable group.

## **STUDENT ORGANIZATION BUSINESS POLICIES AND PROCEDURES**

Each student organization awarded funding is required to read and sign the Student Organization Business Policies and Procedures Manual. The full manual can be found on the Campus Life web site at: <http://www.clayton.edu/campus-life/organizations/resoucesforms>.

Please note that the information printed in the Student Organization Handbook regarding student finances is not the complete and full policies and procedures of the Division of Student Affairs' Business Office.

If you have a question regarding regalia for a specific organization, please contact the Assistant Director of Student Organizations in the Department of Campus Life. Please note that all regalia requirements as specified by the Registrar's Office for graduation should be followed and supersede additional student organization regalia requirements.
