Spivey Hall to Conclude 2008/2009 Season with Young Artists

Youth will be served at Clayton State University’s Spivey Hall next weekend, as the 2008/2009 season comes to a close with three performances by outstanding young singers.

On Friday, May 15, the Spivey Hall Young Artists and the Spivey Hall Children's Choir, conducted by Craig Hurley and Dr. Martha Shaw, and accompanied by Steven Wooddell and Judy Mason on the piano, will perform at 7 p.m.

This spring concert showcases the achievements of the Spivey Hall Young Artists, who sing with spirit and beauty under the direction of Hurley and accompanied by Wooddell. To cap off their year, the Young Artists give a program that includes performances with the Spivey Hall Children's Choir under the direction of Shaw, marking another successful season of extraordinary music making for all 170 students - the finest young singers in Georgia.

Both concerts will start at 3 p.m. The advanced singers of the Tour Choir, Spivey Hall's marvelous musical ambassadors, give a preview of selections to be performed on their annual summer concert tour.

Change is Coming -- Shared Services Strategy

The first step in improving efficiency and effectiveness for the University System of Georgia is to consolidate HR/Payroll information processes through a shared services strategy. calls for attaining best-in-class efficiencies for our administrative support functions in the University System of Georgia. Currently, this model is targeted to be in place for the July 17, 2009 bi-weekly payroll.

Over the next several weeks you will start to see the implementation of shared services at Clayton State University. We will provide specific details for all faculty and staff at informational meetings.

Clayton State Observes Swine Flu Precautions

Like officials at colleges, universities, and health centers and millions of others in all 50 states, Clayton State leaders are keeping a watchful eye on the latest news from the Centers for Disease Control regarding the H1N1 or Swine Flu. The news media and others are staying on top of the latest developments concerning the H1N1 influenza virus infection in Mexico, and the US. Clayton State has a plan in place that reflects American College Health Association guidelines should an emergency arise.

With a few confirmed cases of the H1N1 Virus in the metro Atlanta area, it's now even more important to recognize the symptoms of the flu and to take precautions to prevent the spread of the virus.

The symptoms of the H1N1 virus in people are similar to the symptoms of regular human seasonal influenza and include:

- Fever
- Lethargy
- Lack of appetite
- Coughing.

Some people with the H1N1 virus also have also reported:

- Runny nose
- Sore throat
- Nausea
- Vomiting
- Diarrhea

Remember these everyday actions to stay healthy.

- Cover your nose and mouth with a tissue when you cough or sneeze. Throw the tissue in the trash after you use it and wash your hands.
- If you don't have a tissue available, cough or sneeze into your upper sleeve or elbow, not your hands.
- Wash your hands often with soap and water. Alcohol-based hands cleaners are also effective.
- Avoid touching your eyes, nose or mouth at any time. Germs spread that way.

Try to avoid close contact with sick people.

- Influenza is thought to spread mainly person-to-person through coughing or sneezing of infected people.
- If you get sick, stay home from work or school and limit contact with others to keep from infecting them.

For more information, please refer to the CDC website:

http://www.cdc.gov/swineflu/key_facts.htm.
