Students **MUST** have access to a functioning computer with sound. Computers will be required outside of class to access course materials, complete assignments, and to communicate with your instructor. Students are responsible for knowing how to access and use D2L. Any student needing help with D2L should see the appropriate campus service immediately so that assignments may be completed in a timely manner. Failure of computer equipment or **lack of knowledge about D2L will not be acceptable excuses for missing assignments.**

PROGRAM LEARNING OUTCOMES

This course supports learning outcomes 4 and 5 of the criminal justice major.

Outcome 4: Demonstrate the ability to summarize and discuss in written and oral form academic journal articles.

Outcome 5: Analyze and interpret the kinds of data commonly found in the criminal justice field.

MID-TERM PROGRESS REPORT:

The mid-term grade in this course, which will be issued by September 30, reflects approximately 30% of the entire course grade. Based on this grade, students may choose to withdraw from the course and receive a grade of "W." Students pursuing this option must fill out an official withdrawal form, available in the Office of the Registrar, by mid-term, which occurs on October 6. [Instructions for withdrawing are provided at this link.](#)

The last day to withdraw without academic accountability is October 6, 2017.

COURSE POLICIES:

General Policy

Students must abide by policies in the Clayton State University Student Handbook, and the [Basic Undergraduate Student Responsibilities](#). The Student Handbook is part of the [Academic Catalog and Student Handbook](#).

University Attendance Policy

Students are expected to attend and participate in every class meeting. Instructors establish specific policies relating to absences in their courses and communicate these policies to the

students through the course syllabi. Individual instructors, based upon the nature of the course, determine what effect excused and unexcused absences have in determining grades and upon students' ability to remain enrolled in their courses. The university reserves the right to determine that excessive absences, whether justified or not, are sufficient cause for institutional withdrawals or failing grades.

Course Attendance/Late Arrival Policy:

Attendance is expected for all class periods. Attendance is required for examination periods. Beyond that:

If you do miss a class, you will **NOT** be permitted to make up any assignments, quizzes, or exams due that particular class period. The only exception is when a valid excuse is provided (see missed/late work policy).

Absences will be excused only if the student provides appropriate documentation from a doctor or other competent professional immediately upon return.

Whether or not you attend class, you are responsible for all material and assignments, including any that may be added or altered during the semester.

Missed Work

Without a valid excuse, a grade of **zero points** will be assigned for any missed work including in-class assignments, papers, exams, and quizzes. **If a valid, written excuse from a doctor or other competent authority is provided:**

- Every attempt should be made to submit a missed assignment electronically on the date it is due. If this is not possible the assignment must be submitted no more than one week after the original due date.
- Missed quizzes must be made up prior to the next class period.
- Missed exams must be taken within one week of the original exam administration date. If exams have been returned to students prior to the scheduled make-up exam an alternative version of the exam will be given.
- Be aware that **D2L performs regularly scheduled maintenance which might conflict with due dates.** This information is clearly posted in D2L so you can plan accordingly. It will be your responsibility to turn assignments in on time regardless of technical problems. Technical problems will not constitute an excuse for late work. Without a valid excuse, a grade of zero points will be assigned for the missed work.

Email Correspondence

Email will be the primary mode of correspondence with the instructor. Please use my Clayton State email address ElizabethBonomo@clayton.edu. **DO NOT SEND MESSAGES VIA D2L AS I DO NOT CHECK THOSE MESSAGES REGULARLY. I WILL NOT RESPOND TO MESSAGES SENT TO D2L.**

Please allow a 24 hour response time for all email correspondence. For example, if I receive an email on Monday morning at 9am I will respond by Tuesday morning at 9am. In addition, I will respond to any emails received on Friday, Saturday, Sunday or a holiday by the following business day. Please proofread and spell-check all emails before sending them. Additionally, consider the tone and level of formality of the email before sending it. All email communication should begin with an appropriate greeting. Acceptable greetings include, but are not limited to: Dear _____, Good Morning / Afternoon / Evening, and Hello. Corresponding with faculty is different from texting with your peers. Please refrain from using text-like abbreviations and other forms of shorthand in such correspondence. **Email correspondence must originate from a Clayton State University email address.**

Testing Policy

Anyone found to have unauthorized materials on their person during an exam will be considered in violation of the academic dishonesty guidelines below and will be referred to the Office of Student Conduct.

If you arrive after the first exam has been turned in you will receive an automatic 25% grade decrease on the exam. Please plan to arrive on time.

Academic Dishonesty

Any type of activity that is considered dishonest by reasonable standards may constitute academic misconduct. The most common forms of academic misconduct are cheating and plagiarism. All instances of academic dishonesty will be reported to the [Office of Community Standards](#). Judicial procedures are described in the section of the [Academic Catalog and Student Handbook](#) titled, Procedures for Adjudicating Alleged Academic Conduct Infractions. If a plagiarism allegation is substantiated, the student will receive an F in the course. Students who submit assignments alleged to include plagiarized material close to the end of the semester will receive a grade of 'I' pending the adjudication of the case. If you have ANY questions about plagiarism, air on the side of caution and see the instructor for further clarification.

Plagiarism Detection Software

Students agree that by taking this course all required papers may be subject to submission for textual similarity review to Turnitin.com for the detection of plagiarism. All submitted papers will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism of such papers. You should submit your papers in such a way that no identifying information about you is included.

Disruption of the Learning Environment

Behavior which disrupts the teaching–learning process during class activities will not be tolerated. While a variety of behaviors can be disruptive in a classroom setting, more serious examples include belligerent, abusive, profane, and/or threatening behavior. A student who fails to respond to reasonable faculty direction regarding classroom behavior and/or behavior while participating in classroom activities may be dismissed from class. A student who is dismissed is entitled to due process and will be afforded such rights as soon as possible following dismissal. If found in violation, a student may be administratively withdrawn and may receive a grade of WF.

More detailed descriptions of examples of disruptive behavior are provided in the Code of Conduct and Disciplinary Procedures sections of the Clayton State University [Academic Catalog and Student Handbook](#).

Professionalism

I ask that each of you be respectful and tolerant of others' viewpoints and to communicate with each other, as well as myself, in a courteous manner. We will engage in discussion in this course and I expect everyone to act professionally.

Center for Academic Success

The Center for Academic Success (CAS) provides personalized one-on-one peer and professional staff tutoring in over 100 core subjects. The Center is located in Edgewater Hall Suite 276.
