## ENROLLMENT INCREASES OVER FALL QUARTER

The count of students enrolled for winter quarter classes at Clayton Junior College stands at 966 as of today, according to Dr. Leonard Daniel, Dean of the College. Dr. Daniel explained the official enrollment is the count of students enrolled at the end of the schedule change period (January 12).

A few students are yet expected to enroll - some having completed all procedures except payment of fees. A few students may drop from school by the deadline. Dean Daniel pointed out that the current count represents a 2.5 percent increase over the fall quarter enrollment of 942.

## \$10,000 GIFT MADE TO COLLEGE

A \$10,000 grant from the John Word West Educational Foundation has been made to Clayton Junior College for the purpose of providing student loans.

Dr. Harry S. Downs, college president, accepted the gift from Mr. Hugh Dickson, President of the Board of Directors of the foundation. The funds will be utilized for emergency loans, matching loan funds available through the National Defense Education Act, and in other ways to match loan funds made available or to provide direct student loans.

The foundation was established in 1958 by the late Colonel John Word West, a native Clayton Countian. Colonel West served as President of North Georgia College and taught mathematics at Georgia Military Academy for 32 years.

## DISTRIBUTION OF CLASS ROLLS IS TODAY

Initial class rolls are expected to be distributed to faculty this afternoon, according to an announcement from Dean Daniel. With improved procedures this quarter, these rolls should represent the listing of students who picked up a class card for the given class, paid fees, and turned in these cards for processing.

## STUDENTS WHO DID NOT COMPLETE THESE PROCEDURES ARE NOT ENROLLED.

Dr. Daniel requested faculty upon receipt of the rolls, to compare the listing with your class attendance and report any students not attending. Any students not on the roll should have received a Drop-Add Form (signed by Dr. Daniel, Miss Brisendine, or Mrs. Hall); otherwise they should not be attending class. If there is any question, have the student report to the Office of the Dean.

GO EASY ON THE ADVICE!!!

The Selective Service situation is extremely complicated, especially with recent changes which are not yet clear even to local boards. Dean Daniel has issued the following statement regarding the Selective Service situation:

"We are receiving complaints from some boards that persons on our campus are giving erroneous information to students. The one office that is responsible for certifying the status of students is the Office of Admissions and Records. This office is undoubtedly more knowledgeable of the situation than anyone else on campus. Except for rather routine matters, their basic advice to students is to check with their local draft board.

"All of us want to be helpful to students, but some of the advice that some students are quoting from 'someone' on our campus is likely to get them drafted instead of deferred."

#### DEADLINE FOR SCHEDULE CHANGES IS MONDAY EVENING

The deadline for schedule changes is 8:30 p.m. Monday, January 12. Dean Daniel requests that if it is convenient, remind students of this deadline. However, with only a few exceptions, classes are at capacity, and only changes necessary to remove conflicts are possible. (Students may still officially drop a course past this date, but a W grade will be recorded, if dropped prior to February 6. Courses dropped prior to schedule change deadline do not appear on the final transcript.)
