## My Courses in Daylight

Searching for your courses

The My Courses view has changed with the Daylight update. When you login to D2L, your My Courses view may be empty. Here are two options to search for your classes.

Option 1

1) On the D2L Homepage, click the waffle icon along the top, directly underneath your browser's address bar.

2) Upon clicking the waffle icon, a listing of your past and present courses will be displayed. Click the thumbtack icon on the right-hand side, for the courses you'd like to pin to the D2L Homepage. Once you've selected your courses, click outside of the waffle icon list to return to the D2L Homepage.
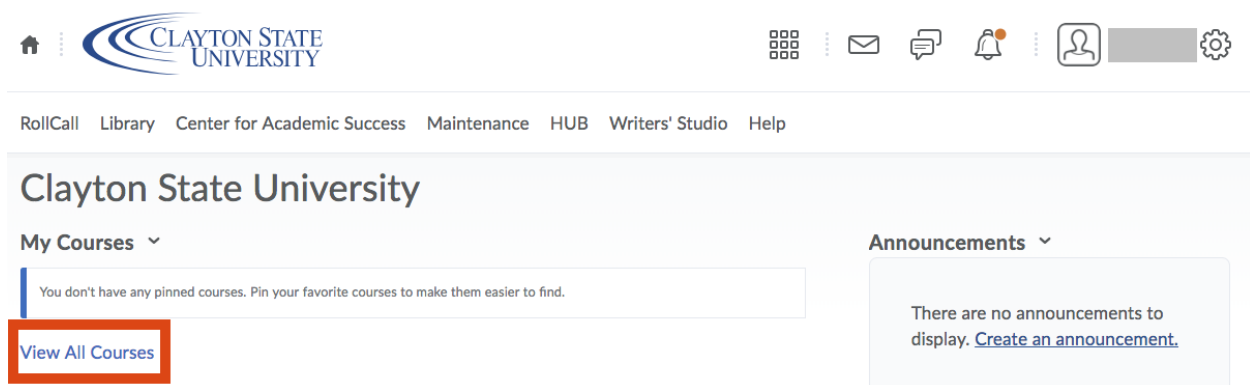

Please note: You may need to refresh the page for your newly pinned courses to appear.

Look for an icon similar to this and click it to refresh the page. The location of the refresh button will vary depending on your web browser, but it is typically located near the address bar.

Option 2

1) Click on "View All Courses"

2) Once "View All Courses" is selected, your past and present courses will appear in the "Unpinned" category. Hover your mouse over a course you'd like to display on the D2L Homepage. You'll see a box with three dots appear in the upper right-hand corner of the course image, click the box and select "Pin".
