Dear students,

Clayton State University and the University System of Georgia’s 26 institutions will continue to deliver instruction remotely during May and summer semesters, with only limited exceptions. USG institutions are tentatively planning to return to normal on-campus operations for the fall semester should guidance from the Centers for Disease Control and Prevention and the Georgia Department of Public Health allow it.

We continue to prioritize the safety of our students, faculty and staff as we do our part to help stem the spread of the coronavirus in Georgia and fulfill our mission to graduate our students in these challenging times.

Please visit our student COVID-19 updates page, https://clayton.edu/coronavirus/students/, for information about virtual student support services that are available to you.
