*Upper division coursework that can be completed prior to program enrollment. Major Specific Elective can be any NURS, HLTH, HCMG, HFMG or HSCI 3000/4000 level course (or appropriate upper division statistics course). Program prerequisites and separate program application must be completed prior to enrollment in upper division nursing curriculum. Transition course HLTH3201-Pathophysiology is not offered at most schools; transfer students should complete at Clayton State during first semester of enrollment prior to nursing admission. Course scheduling is subject to change; consult the DUCK for course availability.
