This Contract is administered by the University’s Department of Housing and Residence Life (“University Housing”).

**I. TERM OF CONTRACT**

- A. This Contract is binding when executed by Resident (*i.e.*, the date signed by Resident or submitted by Resident online). The Contract obligates Resident for the entire academic year or term identified in the heading (Fall and Spring, Summer, Fall Only or Spring Only semesters) or the portion of the academic year remaining after Resident moves into the Residence Facility (the “Term”).

- B. University Housing will designate the date when a Resident may move into the Residence Facility and the date by which the Resident must move out of the Residence Facility or twenty-four hours after the Resident's last final exam. These dates will be published on the University Housing website (<http://www.clayton.edu/housing/Move-In>).
- C. The Housing Facility may be closed during academic breaks. A calendar of official closings is published each year by University Housing and governs the times during which residency is available in the Residence Facility. All students must make alternative arrangements at their sole expense for housing during periods of closure of the Residence Facility. If Clayton State University elects to allow Residents to remain in the residence facility during academic breaks, Resident will be responsible for payment of Break Housing fees charged to student's account.

## II. NOTIFICATION

Clayton State University reserves the right to make and enforce other rules and regulations as may be appropriate or necessary for the safety, care, educational environment, and cleanliness of the premises, and for securing the comfort and convenience of all residents.
- C. Execution of this Contract does not guarantee that the Student will be assigned a space. A qualified Student for whom space is not available will be placed on a waiting list and notified of his/her status. This Contract is for the below named Student only. This contract is not transferable.

## III. HOUSING ASSIGNMENT AND GRANT OF LICENSE FOR USE OF SPACE

Clayton State University agrees to furnish Resident with housing space in accordance with the terms of this Contract. The parties to this Contract do not intend that an estate, a tenancy, or any interest in the property should pass to Resident from Clayton State University to Resident; it is intended that a usufruct be granted to Resident. Instead, it is the intention of the parties that the relationship between Clayton State University and Resident is one of licensor and licensee and that the sole right of Resident to use his/her assigned room as a living unit is based upon the license granted to Resident in this Contract.

- A. Right of Occupancy. Clayton State University will provide Resident with a space in the Residence Facility for his/her occupancy as a residence. The right of occupancy *does not include the right to a specific residence space, roommate, or type of accommodation* by this Contract. University will make housing assignments on behalf of Clayton State University subject to availability of space and without regard to race, religion, color, age, disability, national origin, or sexual orientation. Final determinations on housing assignments are in the sole discretion of University acting on behalf of Clayton State University. No guarantee of a specific unit space assignment is implied or made.
- B. Failure to Occupy. Move-in dates are published on the University Housing website (<http://clayton.edu/housing>). Resident must meet all residency requirements (as published on the University Housing website) before moving into Residence Facility. Resident must occupy the assigned space or deliver written notice of delayed arrival ("Late Arrival Notice") to the University Housing office no later than 9:00 a.m. on the first day of classes of the first academic term of residency. If Resident has not registered for courses and/or not occupied Resident's assigned room by 9:00 a.m. on the first day of classes, the room assignment may, at the sole discretion of University on behalf of Clayton State University, be cancelled without notice to Resident, in which case Resident will be responsible for all fees described in Exhibit A in this Contract.
- C. Room Changes. No changes in room assignment will be based upon age, race, religion, national origin, disability, sexual orientation, and online profiles except as needed to provide a reasonable accommodation to residents with eligible disabilities registered with the University [Disability Resource Center -DRC]. A room change may occur at the discretion of the Director of Housing or designee and only after following the room change policy and is dependent upon space availability and timing of the request. Residents who receive approval for a room change will be charged an administrative fee as shown on the University Housing website, which will be posted to Resident's student account. Room changes that are not authorized by University Housing are a breach of this contract and will result in a fine as shown on the University Housing website, and posted to Resident's student account.
- D. Personal Residence. Resident is to use and occupy the assigned space exclusively as a personal residence and for no other purpose except as may be permitted by University acting on behalf of Clayton State University. Resident may not occupy or reside in any space other than the assigned room except for customary use of the common areas of the Residence Facility.
  - i. Resident may not sub-lease assigned space, vacant suite or apartment rooms or common area spaces.
  - ii. Resident may not allow guest tenants to randomly or consecutively occupy any assigned or unassigned spaces.

- F. Conduct.
- i. *Community Living Standards/Code of Conduct*. The Guide and Student Code of Conduct govern Resident's use of the assigned space and conduct in the Residence Facility and are incorporated into this Contract and made a part of it.
  - ii. *Visitors*. Resident will be responsible in all matters regarding this Contract for the conduct of anyone Resident invites or permits to enter the Residence Facility or its grounds. Any violation of the provisions of this Contract by such a person will be attributed to the Resident and will be grounds for cancellation of this Contract by University on behalf of Clayton State University, as well as grounds for discipline of Resident by University through its disciplinary process.
- G. Keys. Resident is issued a key for Resident's assigned space. This key remains the property of Clayton State University and may not be duplicated by Resident or loaned to any other person by Resident.
- H. Access Card. Resident is issued an access card for Resident's assigned space. This access card remains the property of Clayton State University and may not be loaned to any other person by Resident.

Reassignment may be to another building or unit operated by Clayton State University or University.
- J. Entering Resident's Room. University and Clayton State University reserve the right to enter Resident's room for purposes of verifying occupancy, housing and University policy enforcement, maintenance, improvements, inventory control, sanitation, pest control, safety, fire protection, evaluation of conditions potentially affecting the health or safety of occupants of Residence Facility, responding to epidemic or emergency conditions, to reclaim University property, and for any other purpose allowed by University policy. Resident is not required to be present at the time of maintenance, inspection, or other entries described in this Contract. Furthermore, University and Clayton State University reserve the right to provide law enforcement officers with access to Resident's room for purposes of conducting a valid search or serving an arrest warrant. In addition to any fees assessed for damages, lost key(s) or lost access card(s), failure to follow the check-out guidelines will result in Resident continuing to incur room charges and Resident will be assessed an improper check-out fine.
- L. Transfer and Assignment. No transfer or assignment of this Contract or the space assigned to Resident is permitted. Clayton State University is allowed to transfer or assign its interest in this Contract at any time.
- M. Modification of this Contract. Clayton State University and University reserve the right to modify any provision of this Contract upon notice to Resident that may become reasonably necessary to efficiently and effectively operate the Residence Facility.

Failure of Clayton State University to enforce or pursue any of its rights hereunder shall not act as a waiver of that right or any other right to later exercise any right or enforce any remedy which it may have at law and/or equity. Resident understands and agrees that University may apply any sum that would otherwise be returned to Resident under this Contract to any amounts past-due by Resident to Clayton State University; provided, in the case of refunds governed by Title IV of the Higher Education Act of 1965 (as amended), the amount of the refund will not be applied to amounts otherwise owed to Clayton State University or University.
- F. **Damage Fees to Assigned Room.** The condition of Resident's assigned room, including furnishings, will be inventoried prior to move-in. Resident will have 48 hours after move-in to inspect the room and furnishings. Cancellation by Clayton State University pursuant to this paragraph will not release Resident from the obligation to pay all fees under this Contract for the entire Term and Resident will not receive a refund of any portion of the Housing Fees or other applicable fees as a result of this cancellation. Resident's obligation to pay all applicable fees due under this Contract for the Term will survive cancellation of this Contract for cause.

## **VIII. INDEMNIFICATION, ACKNOWLEDGEMENT, AND RELEASE**

- A. Acknowledgement and Release. Resident acknowledges and agrees that neither Clayton State University nor University Housing promises, warrants, or guarantees the safety and security of Resident, Resident's guest, or Resident's personal property against the criminal actions of other residents or third parties. Resident acknowledges and agrees that Clayton State University will not be liable for any damage or injury to Resident, Resident's guests, or Resident's personal property or to any person entering the room assigned to Resident or the Residence Facility, for injury to person or property arising from theft, vandalism, or casualty occurring in the room assigned to Resident or the Residence Facility.

University) unless such injury is caused by the negligence or intentional misconduct of Clayton State University, University, or their respective agents. Resident (and Guarantor, if Resident is under age 18) hereby release and forever discharge harmless Clayton State University, University, and their respective directors, board members, agents, and employees from any and all demands, causes of action and/or judgments of whatsoever nature or character, past or future, known or unknown, whether in contract or tort, whether for personal injuries, property damage, payments, fees, expenses, or any other monies due or to become due, or damages of any kind or nature, and whether arising from common law or statute, arising out of, in any way, this Contract and the use of the Residence Facility.

## VIX. MISCELLANEOUS

- A. Emergency Contact Information. Resident must complete and provide to University an emergency contact information form provided by University Housing before Resident will be allowed to move into the Residence Facility.
- B. Meningococcal Disease. Pursuant to legislation enacted in 2003, by statute, Georgia Code Section 31 - 12 - 3.2 requires that all students living in campus housing to be informed of the risks and issues regarding meningococcal disease. Meningitis is an infection of the fluid of a person's spinal cord and brain. The two major types are viral and bacterial. Meningococcal disease is a contagious, but largely preventable infection of the spinal cord fluid and the fluid that surrounds the brain. Meningococcal disease is a serious condition that can lead to death within only a few hours of onset; one in ten cases is fatal, and one in seven survivors of the disease is left with severe disabilities, such as the loss of a limb, mental retardation, paralysis, deafness or seizures. Scientific evidence suggests that college students living in dormitory facilities are at a moderately increased risk of contracting meningococcal disease and immunization against meningococcal disease will decrease the risk of the disease. Therefore, by electronic signature of this contract, *the Student acknowledges receipt of the information about meningococcal disease*.
- C. Residence Life Programs Assumption of Risk. Programs, activities and workshops may involve risks of injury, property damage and other dangers associated with participation in such activities. Dangers peculiar to such activities include, but are not limited to: Hypothermia, broken bones, strains, sprains, bruises, drowning, concussion, heart attack and heat exhaustion. If the Student chooses to participate in any Residence Life Program, he/she understands and realizes that there are inherent risks, hazards and dangers involved including the training, preparation for, and travel to and from such activities. It is the responsibility of each participant to engage only in those activities and programs for which he/she has the prerequisite skills, qualifications, preparation and training. Clayton State University does not warrant or guarantee in any respect the competency or mental or physical condition of any trip leader, vehicle driver, instructor, or individual participant in any athletic, recreational, adventure program or workshop. By choosing to participate in programs and activities sponsored by Clayton State University Housing and Residence Life, the Resident understands and accept the risks and damages associated with said participation. Resident acknowledges these risks and elects to reside and participate with full knowledge of the risks of injury, illness, or damage to property. Resident acknowledges and agrees that he/she is owed no extraordinary duty of care in connection with his/her residency in the Residence Facility or in connection with any University Housing programming.
- D. Cleanliness. Resident agrees to keep the room in a clean and sanitary condition during the entire term of occupancy and to return his/her room to Clayton State University in the same condition, including general cleanliness, as it was at the beginning of the term of occupancy, normal wear and tear excepted as determined by University Housing official acting on behalf of Clayton State University. When there is vacancy in a partially occupied suite/apartment, the common areas must be maintained by the occupant(s) in a manner that will allow a new Resident to move in immediately. Failure to do so will result in assessment of a cleaning charge to Resident's account.
- E. Fire Safety. Resident will not tamper with fire alarms, smoke detectors, fire extinguishers, fire hoses, or exit signs. Resident will promptly evacuate Residence Facility upon the sounding of an alarm or as otherwise directed by University Housing staff. Resident will participate in any periodic fire drill and fire safety trainings conducted by University for the Residence Facility.
- F. Non-Disclosure of Room and Phone Number. Except as otherwise required by applicable law, University Housing does not disclose room or telephone information except upon written by Resident for the release of this information.
- G. Personal Property. Neither Clayton State University nor University is responsible for unclaimed personal property and items left in any part of the Residence Facility after checkout or cancellation of this Contract. Items left are deemed abandoned and will be discarded or donated to local charities.
- H. Criminal Background Checks. Clayton State University and University reserve the right to conduct criminal background checks on Resident to determine Resident's suitability to live in Residence Facility, and Resident

consents and agrees that Clayton State University and University has permission to conduct criminal background checks on Resident.

- I. Balcony Use. The University limits the number of people on a balcony to a maximum of four persons. Grilling on a balcony is prohibited by law. Grilling areas around the housing grounds are open for grilling.
- J. Disposal of Grease. Grease is forbidden to be poured down sinks, toilets or thrown outside on the grounds and must be properly disposed following instructions in the Guide.
