

SACS Interim Report

Assessing Effectiveness - University Health Services

University Health Services (UHS) is a full primary care clinic that treats all non-urgent care issues. Throughout the past two years, UHS has strived to promote the clinic and all the services provided. With the addition of free services available to students and the increased awareness of quality health care on campus, UHS has seen approximately 67% increase in the flow of patients coming into the clinic.

Each student is offered the following per semester:

- 1 free of the following:
 - Rapid Strep Test
 - Pregnancy Test
 - HIV screening
 - Well Check Up Exam
 - Pelvic Exam with Treatment (if needed)
- Also, unlimited Urine Analysis with Treatment (if needed)
